

OneID® AGE ASSURE

Age Assure from OneID® lets your customers confirm their age, their identity, address and contact details in **seconds**.

Age Assure allows your business to be sure your customer is who they say they are and of a specific age before they buy an age restricted product or service.

The OneID® solution is **100% digital** with unequalled coverage. It can verify every user as genuine, anywhere in the UK, any time with **circa 50 million UK users** enabled for near instant identity checks.

Every transaction is protected by the most **advanced counter-fraud measures**. Bank-grade authentication, fraud detection and biometric security protects your business from fraudulent activity.

It is a **simple, fast, and secure** way of confirming your customer's age and identity in real time. It is done by simply asking your customer's bank to confirm their age and identity using their online banking.

Protect your customer's privacy with no over-sharing of personal information, no document uploads, no live selfies and most importantly, no hassle.

○ PRODUCT ATTRIBUTES

OneID® has developed its technology to offer a range of Age Verification products that provide you with real-time information about your customers to meet your needs.

The OneID® Age Assure product allows your customer to confirm their age and identity, **quickly, securely and with minimal friction** whilst providing you with the confidence that they meet the age requirements for the purchase or service.

○ HOW OneID® AGE ASSURE WORKS

Confirm your customer meets your minimum age requirements in a **simple, secure and fast way**.

OneID® facilitates the capture of the required details of your customer (the data subject) and authenticates them in real time.

The data is sent from your customer's bank to you via OneID® with the customer's consent. Only the customer can agree to this as they are the only one who can log in to their account. All bank data, including identity details are secured by the bank using some of the strongest security available.

OneID® AGE ASSURE BENEFITS

-  Age Assure works in real time, providing verification that an individual meets a minimum, or specific, age requirement within **seconds**
-  Age Assure also confirms your customer's identity, address, and contact information
-  **100% digital**, with no need for document uploads or live selfies
-  Age Assure allows your business to be sure the customer is who they say they are and of a specific age before they buy an age restricted product or service
-  Our simple age verification process protects your customer's privacy, whilst delivering compliant age checks
