OneID® ID LIVE

Sometimes you just need to know someone is present. ID Live from OneID® confirms that your customer is present when interacting with your business, separating genuine people from fraudsters, bots, and other business disruptors.

Protect your business and your customers with an Identity Verification solution from OneID®.

OneID® is UK **Government certified** and provides a **simple, fast, and secure** way of authenticating the identity of a person online in real time. It is done in seconds by simply asking your customer's bank to confirm their identity using their online banking.

OneID® only shares the information you require, and there is no need for captcha's, document uploads or selfies **reducing friction** within your customer journey.

⭕ PRODUCT ATTRIBUTES

OneID® has developed a range of identity verification products that provide you with real time information about your customers to meet your needs.

ID Live is free to use and provides you with a unique, consistent identifier for each person who uses your product, website or service (subject identifier) and confirms that your customer is present when interacting with you online.

⭕ HOW ID LIVE WORKS
CONFIRM YOUR CUSTOMER IS PRESENT IN SECONDS

OneID® facilitates the capture of the required details of your customer (the data subject) and authenticates them in real time.

| YOUR CUSTOMER AGREES TO SHARE DATA WITH OneID® | → | THEY LOG INTO THEIR BANK ACCOUNT USING BANK AUTHENTICATORS | → | BANK SENDS YOUR CUSTOMER'S IDENTITY DETAILS TO YOU |

The data is sent from your customer's bank to you via OneID® with your customer's consent. Only they can agree to this as they are the only one who can log in to their account. All bank data, including identity details, is secured by the bank using some of the **strongest security available.**
