

## OneID® ID PROOF

OneID® provides you with **Government certified identity verification** – helping you to meet your identity assurance requirements.

Certified under the Government's Digital Identity and Attributes Trust Framework (DIATF) to a medium level of confidence ID Proof provides the assurance you need to meet your identity requirements including Disclosure and Baring Services Basic checks.

ID Proof from OneID® allows you to truly know who you are dealing with, separating genuine people from fraudsters, bots, and other business disruptors. **Protect your business and your customers with OneID® ID Proof.**

ID Proof from OneID® is a **simple, fast, and secure way** of authenticating the identity of a person, and a few additional important details, online in real time. It is done in seconds by simply asking your customer's bank to confirm their name, address and date of birth using their online banking.

ID Proof works in real time, confirming the identity of your customer, whilst ensuring they are present through UK Government certified identity verification within **seconds**.

## ○ PRODUCT ATTRIBUTES

OneID® has developed its technology to offer a range of identity products that provide you with real time information about your customers to meet your needs.

The OneID® ID Proof product allows your customer to confirm their identity, **quickly, securely and with minimal friction** whilst providing you with the identity and contact information you require.

SUBJECT  
IDENTIFIER

FULL  
NAME

ADDRESS

DATE OF  
BIRTH

## ○ HOW ID PROOF WORKS

**SIGN IN YOUR CUSTOMER IN A SIMPLE, SECURE AND FAST WAY**

ID Proof captures the identity of your customer (the data subject) and authenticates who they are in real time.

YOUR CUSTOMER AGREES TO  
SHARE DATA WITH OneID®

THEY LOG INTO THEIR BANK  
ACCOUNT USING BANK  
AUTHENTICATORS

BANK SENDS YOUR  
CUSTOMER'S IDENTITY  
DETAILS TO YOU

The data is sent from your customer's bank to you via OneID® with the subject's consent. Only the data subject can agree to this as they are the only one who can log in to their account. All bank data, including identity details, is secured by the bank using some of the **strongest security available**.

## ○ ID PROOF BENEFITS

- Let's your customers confirm their identity in **seconds**
- OneID® provides the **highest standards of quality and security** available in digital identity, with minimal friction for your customers
- No need for your customers to install new apps, create an account with OneID® or scan documents, OneID® ID Proof is the **only certified service** that uses the bank apps your customer already has on their phone
- The OneID® solution is **100% digital** and has **unequalled coverage** with the ability to verify circa **50 million adults**, anywhere in the UK, at any time for near instant checks
- ID Proof **minimises the amount of data your customer needs to share** with you reducing risk whilst aligning with General Data Protection Rules
- ID Proof **meets businesses' identity compliance requirements** under UK GPG45 in a simple, secure, and customer-friendly way
- ID Proof **works in real time**, confirming the identity of your customer, ensuring they are present and confirming their date of birth and contact information through UK Government certified identity verification within **seconds**
